### Preface

#### A. Acknowledgements for Financial Support

From March to July 1989 and from August 1990 to the present Dr. Reed has been working with the photographs at the Ancient Biblical Manuscript Center and from August 1989 through July 1990 Dr. Reed worked with the fragments and photographs at the Rockefeller Museum. A Dorot Fellowship made it possible for Dr. Reed to work on the project from March to July 1989 at the ABMC and spend a year in Jerusalem working on revising and updating these lists. The Ancient Biblical Manuscript Center has provided funding for work at the Center from August 1990 through June of 1991. Additional funding has been made available since July 1991 by grants from the Dorot Foundation, the Annenberg Institute, and the National Endowment for the Humanities.

#### B. Purpose of this fascicle

Our goal is to produce a computerized database which will include information about photographs, documents and museum plates of the Dead Sea Scrolls. A computerized database will allow scholars to conduct different searches according to their particular research needs.

It is our intention to make the information in the lists available to scholars as quickly as possible. Since it will take some time before the computerized database will be complete, we have decided to compose preliminary lists about each of the particular collections (such as Cave 1, the Minor Caves, Murabba'at and 4Q128-4Q186) and make these lists available to interested people in photocopy form. We wish to emphasize that these lists are still preliminary. The final database will include more information.

Much care has been taken to ensure that the information in these lists is accurate, but inevitably errors enter such a work. We would be appreciative if you would contact us about errors you find or additional information about the photographs of Masada at the Ancient Biblical Manuscript Center, Box 670, Claremont, CA 91711. (714) 621-6451. Fax number: 714-621-1481.

#### C. Assistance for Work

The members of the Advisory Committee, composed of Amir Drori, Ayala Sussmann, Jonas Greenfield, Magen Broshi and Shemaryahu Talmon, have provided editorial assistance in the overall preparation of these lists.

The staff of the Ancient Biblical Manuscript Center helped me obtain access to the materials, provided administrative help, guidance and advice. James A. Sanders, president, has provided overall direction for the project. Former directors, Peter Pettit and Steve Delamarter, as well

as the current acting director, Bruce Zuckerman, and Marilyn Lundberg, Associate Director, have provided much support.

Randall Reed compiled the bibliographic data and provided word processing assistance.

Every item of the lists here has been checked and verified by us at the Ancient Biblical Manuscript Center or in Jerusalem at the Rockefeller Museum.

#### D. How to acquire materials

For further information about photographic collections contact:

4. Magen Broshi, Curator, Shrine of the Book, Israel Museum, Jerusalem, Israel (02) 708862

The Ancient Biblical Manuscript Center is an official depository of the Masada photographs of the "Shrine" collection. Scholars are welcome to come to the Center and view photographs of the documents here.

#### I. Introduction

This fascicle contains information about the Masada Collection. Information concerning these documents is arranged in two lists: documents and photographs. In the document list the documents are listed sequentially according to their designated numbers by the editors. Included in this list are the photographs which pertain to each document as well as the present location of the fragments. In the photograph list the photographs which pertain to these documents are given according to the inventory numbers assigned in the PAM photographic collection. Some ostraca have been published twice as two numbers: Mas 914=Mas 301, Mas 658=Mas 890.

The document list is cross-referenced to the other list. It is expected that scholars would first refer to this list and then if they want further information about the photographs they can refer to the other list. There is some duplication of information in the two lists but there is often no one-to-one correspondence among documents and photographs. Both are necessary to provide all of the information that scholars may need in their research.

Magen Broshi informed me that the Masada ostraca are at Mount Scopus. The documents are at the Shrine of the Book. Since museum inventory numbers were not assigned to the ostraca or documents no such list is found here.

Most of the photographs of the Masada materials are found at the Shrine of the Book in Jerusalem. Magen Broshi, curator at the Shrine of the Book, gave permission to the Ancient Biblical Manuscript Center and the West Semitic Research Project to make copies of the Masada photographs. In January 1992 Bruce Zuckerman and Kenneth Zuckerman copied the photographs and Stephen Reed inventoried them. Broshi made available lists that had been made of these materials. Photographs of the Ben Sira Scroll remain at the Israel Museum and an inventory of them has not yet been made. Photographs for a number of the fragments to be edited have not been inventoried.

Shemaryahu Talmon shared with me some initial information concerning the inventory numbers for the Masada documents.

Much of the information in this fascicle is quite preliminary. Changes in titles may well take place as further work of editing continues. Users should remember that this fascicle is preliminary and that changes will no doubt need to be made for some time in these lists.
